Dear Friends!

On behalf of the entire ÖSKB, we would like to thank you very much for your commitment to the sport. Due to Corona in particular, there was a constant challenge to find the best way for European and national bowling.

It is extremely difficult, nationally and internationally, to strike the right balance between training, hosting championships and the health of the athletes.

In 2019, the ESC was the only European championship and it also looks critical for the first half of 2021. Many of us who are organizationally responsible for the sport are responsible for the athletes - nationally and internationally. Many of us no longer belong to the youth and therefore must be very careful personally.

We all want to calm down for this contemplative time. We are regaining our strength so that we can all start the new year vigorously.
