

Wien, 22.12.2021

Dear Friends!

On behalf of the entire ÖSKB, we would like to thank all institutions and individuals involved in this sport for their commitment. As in 2020, Corona was a constant challenge in 2021 and will probably remain so for some time. At the same time, there was a reorganization of global sports operations and changes from World Bowling to IBF and from ETBF to EBF. A new type of world championship was also created in 2020.

All these endeavours are intended to help find the best path for world and national bowling. Some international competitions such as the World Championships and the ECC could take place, others were cancelled. In 2022, too, will serve to come to terms with past years - for example, the EMC in Helsinki, which has been postponed several times. Let's do our best to ensure that the competitions scheduled for 2022 can take place, but above all we don't want to let the Corona bring us to our knees.

Now we want to spend a peaceful time in the coming weeks and recharge our batteries. Then we will start the year 2022 rested and energetic and, like our loved ones, stay healthy and thirsty for action.
